

目 次

共通教育センター

ミモザ色の補色は？ 加治屋 大介	1
<待つ>ということ —漱石初期小説の中の『夢十夜』— 西田 将哉	6

教職課程センター

若手教員のメンタルヘルスの実態と研究動向 森 慶輔,宮下 敏恵,奥村 太一,北島 正人,増井 晃,西村 昭徳	14
---	----

看護学部 看護学科

保健室経営に関する文献検討 田邊 知世,森 慶輔	21
-----------------------------------	----

名誉教授

3次元電磁カスケードB近似理論 大気密度を考慮したラテラル分布関数の計算 I.標準大気と気圧,密度,輻射長 新居 誠彦	27
3次元電磁カスケードB近似理論 大気密度を考慮したラテラル分布関数の計算 II.非均質媒質の3次元拡散方程式 新居 誠彦	30
3次元電磁カスケードB近似理論 大気密度を考慮したラテラル分布関数の計算 III.非均質媒質の拡散方程式の解 新居 誠彦	32
3次元電磁カスケードB近似理論 大気密度を考慮したラテラル分布関数の計算 IV.ラテラル分布関数の計算 新居 誠彦	39

CONTENTS

Liberal Arts Education Center

What is the complementary color of mimosa color? Daisuke KAJIYA	1
What it Means "Waiting": "Yume Juya" in the Early Novels of Soseki Masaya NISHIDA	6

Teacher Training Course Center

Current Status and Research Trends of Young Teachers' Mental Health Keisuke MORI, Toshie MIYASHITA, Taichi OKUMURA, Masato KITAJIMA, Akira MASUI and Akinori NISHIMURA	14
--	----

Faculty of Nursing Department of Nursing

Literature review on the management of school infirmaries Tomoyo TANABE, Keisuke MORI	21
--	----

Professor Emeritus

A Calculation of Lateral Distribution Function under Approximation B in Three Dimensional Electron-Photon Cascade Theory, by Taking the Atmospheric Density into Consideration. I. Pressure, Density and Radiation Length Based on the Standard Atmosphere. Nobuhiko NII	27
A Calculation of Lateral Distribution Function under Approximation B in Three Dimensional Electron-Photon Cascade Theory, by Taking the Atmospheric Density into Consideration. II. Three-Dimensional Diffusion Equation for Inhomogeneous Material. Nobuhiko NII	30
A Calculation of Lateral Distribution Function under Approximation B in Three Dimensional Electron-Photon Cascade Theory, by Taking the Atmospheric Density into Consideration. III. Solving the Rewritten Three-Dimensional Diffusion Equation. Nobuhiko NII	32
A Calculation of Lateral Distribution Function under Approximation B in Three Dimensional Electron-Photon Cascade Theory, by Taking the Atmospheric Density into Consideration. IV. Calculation of Lateral Distribution Function Taked the Atmospheric Density into Consideration. Nobuhiko NII	39
